

INTERCOOLER PIPING KIT

for *HONDA CIVIC TYPE-R*

For the fastest FF model Civic Type R, Intercooler Piping Kit is released from HKS!

○ Aluminum Piping Kit

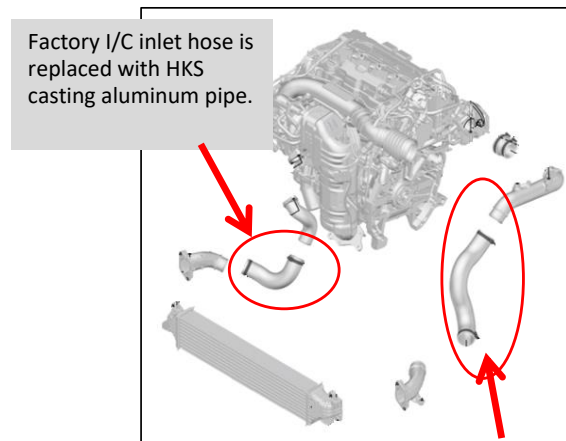

- Replacing the rubber inlet & outlet hoses with aluminum hoses restrains its expansion to improve the throttle response and smoothly increase the boost pressure.
Also, aluminum hoses can be securely connected even under a high pressure.

○ Features

- Factory rubber hoses are replaced with aluminum pipes and silicone joint hoses, and they are secured with reinforced hose bands.
- HKS original casting inlet pipe allows smooth layout.

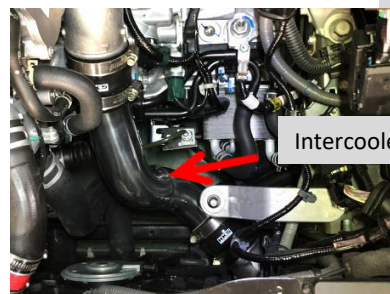

Kit Parts

Factory I/C inlet hose is replaced with HKS casting aluminum pipe.

Factory I/C outlet hose is replaced with HKS aluminum outlet pipe.
